Dayton, Ohio 45402

## Dick's Portable Fishing Pole Holder

The portable fishing pole holder allows for hands-free fishing, hours of relaxation and no fear of losing your pole in the water to a fish.

*This ain't the one that got away!*

## Simple to Use

Twist base in ground to anchor.

Cast line, place pole inside enclosure and close latch.

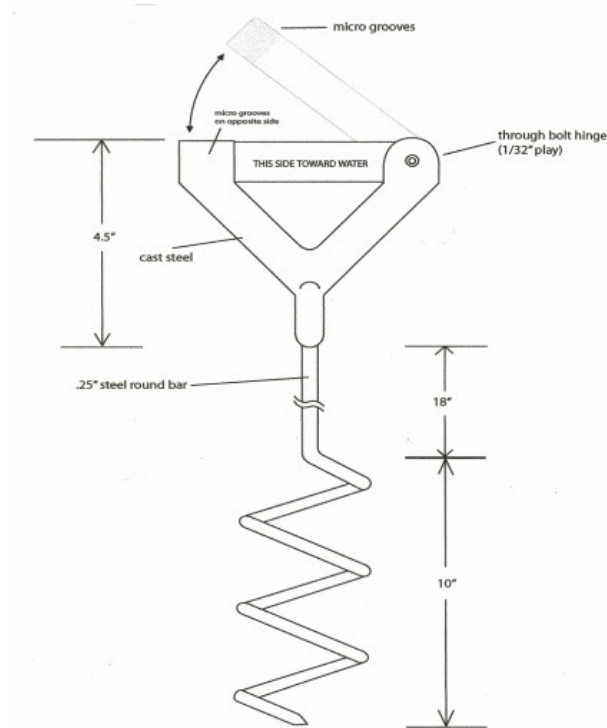

Move about freely while monitoring line for a catch.

Pull up on pole to release from holder and set hook simultaneously.

## Simple to Manufacture

- Durable steel construction allows lightweight portability.
- Twisted steel base securely anchors in any media: sand, gravel, grass, mud, shallow water, etc.
- V-shaped pole holder with micro-grooved latch keeps pole holder shut but allows for smooth and quick release.
- Adjustable latch tension with Allen wrench.

## Simple to Market

The Portable Fishing Pole Holder is complementary to other fishing products and has an extremely broad target market that includes anyone fishing from shore. Specifically recommended for anyone that wants to just kick back, relax and fish including:

- The elderly
- Children
- People fishing multiple spots
- People engaging in *other* activities.

**Dick's Portable Fishing Pole holder is patented and available for licensing or partnerships**
